SUMMARY OF THE REASONS FOR DECISION:

The DVD entitled *Victoria Blue* is classified as:
Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years.

This publication is a DVD version of the video recording of the same title classified by the Office of Film and Literature Classification as objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years, with the descriptive note 'Contains explicit sex scenes.' This decision was registered on 27th August 1999.

The DVD contains additional components including a number of trailers for other features. Though one of these trailers, entitled *Apocalypse Climax*, contains depictions of women being treated in an aggressive manner, the very limited extent of these depictions means that they do not effect the classification of the DVD.
